

SSC JE & SCIENTIFIC ASSISTANT

Preparation Pack: syllabus map, weekly plan and revision tracker

USE THIS PACK

Turn the official notification into a realistic study routine. Tick items only after you can solve questions without notes. The latest SSC notification always overrides this guide.

1. Choose your exam lane

SSC JE

For Civil, Electrical or Mechanical candidates. Prioritise your General Engineering subject, then maintain General Awareness and Reasoning.

Scientific Assistant (IMD)

Balance the general sections with Physics, Mathematics, Electronics or Computer Science topics specified for your chosen post.

2. Your non-negotiable weekly routine

DAY	FOCUS	OUTPUT
Mon-Thu	One core topic + timed practice	25-40 questions and an error note
Friday	Formula / concept revision	One-page revision sheet
Saturday	Sectional test	Accuracy, time and weak-topic log
Sunday	Full mock or backlog recovery	Review every wrong / guessed answer

Syllabus & practice checklist

Use the most recent SSC notification for final topic coverage and exam pattern. This list is a study organiser, not an official notice.

CHECK	SSC JE: General Engineering Break your branch syllabus into modules. Finish concepts, solved examples, previous-year questions and a short formula sheet for every module.
CHECK	SSC JE: General Ability Practise reasoning and general awareness in short, timed sessions so they never take time away from engineering.
CHECK	Scientific Assistant: General sections Reasoning, quant, English, general awareness, general science and computer basics should become high-accuracy scoring areas.
CHECK	Scientific Assistant: Domain subject Prioritise the Physics / Mathematics / Electronics / Computer Science topics listed in the relevant notification for your post.
CHECK	Previous-year papers Solve them in exam conditions. Mark repeated chapters, not just repeated questions.
CHECK	Mock-test review Tag each error as concept, calculation, reading or time. Reattempt those questions 48 hours later.

Book shelf - use legal editions
